THOS. GRISWOLD & CO. SOUTH WETHERSFIELD, CONN.

# 

# A Few Reasons why We Can Furnish High Grade Seeds at Low Prices.

- 1. We are seed growers of long experience. Business established in 1845.
- 2. We live in a very fertile seed growing section and generally get good crops.
- 3. We do business in our own buildings on our seed farms.
- 4. Our business is in the country and we have no heavy city expenses to pay.
- 5. We deal direct with the planter, saving him extra expense and dealer's profits.
- 6. We do very little expensive advertising.
- 7. We do not spend large sums for fancy catalogues, but try to make our catalogue plain and right to the point.
- 8. Our business is the growing and handling of seeds, and we personally oversee the business.
- 9. Varieties that do not mature well in this section we have grown elsewhere, placing contracts with experienced growers that make specialties of growing varieties wanted, and our long experience has taught us where to place these contracts to get best results.
- 10. We do a cash business principally, thus saving many losses.

Send in your order and we will endeavor to furnish seeds that will please you.

We will gladly mail catalogues to your friends if you will send us their address.

THOMAS GRISWOLD & CO.

Our office and warehouse is about six miles south of Hartford, near Station 23, *Hartford and Middletown* trolley.

We are glad to have parties call that find it convenient to do so.

# A REQUEST

E appreciate the fact that many do not know just what they want in the Seed Line until about planting time, consequently many orders are delayed until late, and then come in a rush, fairly covering us up and it is almost impossible to keep up with the orders; so if our patrons that can, will kindly send in their orders as early as convenient we will greatly appreciate it.

Thos. Griswold & Co.

# OFFICE OF

# THOMAS GRISWOLD & CO.,

South Wethersfield, Conn.

# **TERMS**

In order to sell at these prices it is necessary to make our terms cash with order except in special cases. Where parties are reliable and well known to us, we can allow very limited credit, with interest added at six per cent.

Outstanding bills are due June 1st.

How to send money.—Remit by Post Office or Express Money Order, Registered Mail or Bank Draft. Postage Stamps may be sent for small amounts. Personal Checks accepted from parties having established credit.

Post Office Money Orders should be made payable at South Wethersfield.

When Seeds are Wanted by Mail, postage must be added at the rate of 8 cents per pound for Seeds (except flower seeds), 10 cents per quart for Corn and Onion Sets, and 15 cents per quart for Beans and Peas.

Bags, barrels, etc., free of charge. No charge for cartage.

Purchasers pay express and freight charges unless otherwise agreed.

Shipping Instructions should accompany each order. If no such instructions are received we will ship by the best and cheapest route known to us.

After shipping in good order our responsibility ceases. Claims for damages or miscarriage must be laid on the carriers.

As so much depends upon the condition of the weather, soil, etc. when seeds are planted and the care taken in planting them, we sell our goods, in common with other reliable seed houses, subject to the following disclaimer adopted by the American Seed Trade Association:

Disclaimer.—Thomas Griswold & Co. give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

THOMAS GRISWOLD & CO.

Early Paris. Good quality, medium large heads	20	35	55	2 00
Algiers. Vigorous growth, large head, late	25	40	60	2 25
		•		-

# **CELERY**

For two years in succession the crops of Paris Golden Celery have been practically failures and the supply is very limited.

Paris Golden. Self blanching. Finest French grown. (Originators stock.)

We import this strain direct from the originators in Paris and highly recommend it. The crop of this variety this year was practically a failure and we can only supply in very limted quantity. Per oz., 85c.; per ¼ lb., \$3.25; per lb., \$12.00.

CELERY—Continued	Per oz.	Per ¼ lb	Per 1 lb.	5 lbs. or more Per lb.
White Plume. Self bleaching	<b>\$</b> 0 15	<b>\$</b> 0 <b>4</b> 0	<b>\$</b> 1 <b>4</b> 0	<b>\$</b> 1 30
Giant Pascal. Excellent green variety, crisp and tender, fine				
keeper	10	30	1 00	90
Perfection Heartwell. Golden yellow hearted, superior quality	10	30	1 00	90
Golden Heart Dwarf. Old standard, fine flavor	10	30	1 00	90
Crawford's or Henderson's Half Dwarf. Medium size, yellowish				
white	10	30	1 00	90
Boston Market. One of the old reliable sorts	10	30	1 00	90
Kalamazoo. Large ribbed, tender and crisp	15	35	1 25	1 15
Shumacher. Very large yellow heart, nutty flavor, crisp	15	35	1 25	1 15
Winter Queen. Finest winter variety, long keeper	15	35	1 25	1 15
Celeriac. Large, smooth sprague, turnip-rooted celery	10	30	1 00	90
CORN SALAD				
	٥٢	1.5	40	25
Broad Leaved. A good substitute for lettuce in winter	05	15	40	35

# SWEET CORN

We have for years grown large quantities of Sweet Corn here on our Connecticut seed farms and have spent a good deal of time and care in improving stock, and think we have some of the finest stocks that can be grown. We certainly get sweeter and better flavored Corn than can be grown in most any other part of the country. We supply many Market Gardeners with this Corn and it gives excellent satisfaction.

Early Dawn. Resembles Extra Early Red Cory. About	Per quart.	4 quarts.	Per peck.	Per bu

We very much desire that you send us your order, for we feel confident that our seeds would please you, and certainly our prices are reasonable. We are not asking you to pay two or three extra profits, but give you an opportunity to buy your seeds direct from growers. Possibly you may never have dealt with us, and know nothing about our seeds. If this is the case, send us a trial order, and let us prove that our seeds are first class.

Please remember that our Catalogues are free to your friends that plant seeds, Simply send us their address, and we will mail them Catalogues.

# GRASS SEED.

We are Headquarters for High Grade Grass Seed. Don't buy a Poor Grade. The Best is far the Cheapest in the end.

We aim to handle the very best grades possible. It may cost a few cents more to seed down your land with high-grade seed, but isn't it a good investment? You are pretty sure to get good results.

Our sales on high-grade seed have increased from year to year, and this is the seed that gives satisfaction.

Fancy Lawn Grass Mixture
Red Top. Sown alone or with Timothy makes excellent hay.
Timothy or Herds Grass. Makes fine horse hay (bush. 45 lbs.).
Orchard Grass. Good to sow with other grass seed for pasture and shady places.
Kentucky Blue Grass. Valuable for pasture when mixed with other varieties
English Rye Grass. A permanent nutritious meadow grass.
Meadow Fox Tail Grass. Earlier than Timothy, which it resembles
Tall Meadow Oat Grass. Early, luxuriant growth, excellent for pasturing or hay

The Grass-Seed Market fluctuates greatly and we are unable to make permanent prices. Write when in want and we shall be pleased to quote prices.

# Field and Ensilage Corn

A great deal of interest in Field and Ensilage Corn is being manifested nowadays by farmers, especially in sections where dairying is carried on extensively, and it is no wonder that this is so, for the prices of corn and other grains have advanced so in the past few years that farmers in the East see that they must grow more grain and fodder and not be so dependent on the West for their supplies. Consequently they are looking for the best varieties to meet their requirements, and as one of the best Ensilage Corns we would recommend

ð

# THOROUGHBRED LEAMING

which is much superior to the old style of Learning Corn. Kernels and Ears more uniform, better filled out and of much purer type. Stalks are large with abundance of leaves and heavy yielder of large, handsome ears.

Price: \$0.30 per 4 quarts; \$0.50 per peck; \$1.60 per bushel; \$1.50 per bushel for 2 bushels or more.

Thoroughbred Leaming

# Flower Seeds

On the following pages we list selections of choice Flower Seeds put up in very liberal Packets.

Annuals—Bloom first year from seed and plant dies after one season.

Biennials—Bloom second year from seed and plant dies after second year.

Perennials—Bloom second year from seed and plant lives and blooms for several years.

Tender—Means plant will not stand the least frost.

Half-Hardy—Means plant will stand a little frost and needs protection.

Hardy—Means plant will stand considerable frost.

or six inches.

# AGERATUM (Floss Flower) A hardy annual of easy culture. Especially valuable for bedding as it is literally covered with blossoms all summer. Sow the seed early in spring, either in boxes to transplant, or out of doors and thin to four

# ALYSSUM

# ALYSSUM, Sweet

A fragrant hardy annual, bearing spikes of small, white flowers in great profusion throughout the summer and autumn. Useful for borders or early bedding. Sow the seed early in spring.

Little Gem, 3 to 4 inches high	•	•	05
Per ounce, 20 cents.			

### 

# ANTIRRHINUM (Snap Dragon)

A half-hardy perennial, growing from 6 inches to 2 feet tall. Flowers are oddly shaped and apparently closed, but by pressing the sides together can be made to open like a dog's mouth.

Extra Choice Mixed	•			•	05
Per ounce, 25 cents.					

# **ASTERS**

A popular half-hardy annual, growing from one to two feet high. The best method of culture is to sow the seed in boxes in late winter and transplant about May 1st. The seed can be sown, however, in rows where the plants are to remain, thinning them 10 to 12 inches apart.

Queen of Spring. (White)	•	•	. \$	0 10
Queen of Market. Finest Mixture				10
Choice Tall Mixed. Best varieties				10
Best Dwarf Mixed			•	10

# Comet, Finest Mixed

An extremely beautiful class, of the same height and habit as the Dwarf Paeony Perfection, forming regular pyramids 12 to 15 inches high, covered profusely with large double flowers, resembling in shape a large-flowered Japanese Chrysanthemum, the petals being long and twisted, and recurved in such a manner as to form a loose, but still dense, semi-globe . . . . . .

# Victoria, Finest Mixed

Height about 18 inches. It has a good habit, and makes a desirable late summer bedding plant, also being suitable for pots. The blooms are large, double and very handsome, coming in great profusion.

ANTIRRHINUM

Pkt

10

# **ASTERS—Continued**

### Pkt.

# Truffaut's Paeony-Flowered Perfection

A splendid hardy variety, growing from 18 inches to 2½ feet high. The flowers are large, double, globe-shaped, and are borne on elongated stems. The weight of the flowers renders the use of sticks necessary . \$0 10

10

10

ASTER

# **Dwarf Chrysanthemum-Flowered**

Comes 8 to 10 inches high; the branches are numerous and regular in height. The flowers are very broad, slightly flattened, and very beautiful. Specially suitable for pot and border culture, and valuable on account of its profuse late flowering . . .

Rose-Flowered, Choice Mixed

Height 18 to 20 inches; somewhat similar to Victoria, but the flowers are rather more 

# **BACHELOR'S BUTTON**

A hardy annual of easy culture. Sow the seed early in spring where it is to remain and thin to 3 or 4 inches.

Finest Mixed Varieties . . . . 05

**CALLIOPSIS** 

**CARNATION** 

# BALSAM OR LADY SLIPPER

Pkt

A tender annual with brittle stem, and foliage, grows about 12 inches high. Flowers are wax-like and very attractive.

Best Double Mixed . . . . .

CLARKIA

CLAKKIA	
CALLIOPSIS	Pkt.
A half-hardy annual, growing 3 feet high and valuable for bright bedding effect or for cut flowers.	
Grandiflora	\$0 10
CANDYTUFT	
A hardy annual of easy culture, growing 10 to 18 inches high. The flowers are white and borne on various long spikes, forming very large heads, and are used for bedding or cut flowers.	
Giant Hyacinth, Flowered	05
CARNATION	
A half-hardy perennial, used generally for greenhouse trade in winter and for a general garden favorite in summer. Sow the seed early in the year in hotbed and transplant about April 15th.	
Margarita, Cholcest Mixed	10
CENTAUREA	

A hardy annual, growing 1½ to 2 feet high, bearing beautiful large flowers resembling sweet Sultan, but with a large petal margin around the blossom, sow seed

early and transplant.

Imperialis Choice Mixed

**MIGNONETTE** 

CLAR	KIA.
in se	ches high, flowering in great profusion, ed sown in fall will give blossoms in ring, and can be sown most any time.
Fine	st Mixed

Pkt

05

A half-hardy annual, growing 6 to 8 inches high, bearing a wide wavy blossom that resembles a cock's comb. Brilliant colors and fine for massing or border work.

Choicest Dwarf, Mixed Varieties . . . . \$0 10

# **COSMOS**

A tender annual, with fine cut feathery foliage and large feathery blossoms. Grows 4 to 6 inches high and blooms late in fall. Sow about May 1st and transplant in late May or June.

# **DAHLIA**

A well known and popular late summer and autumn flowering plant. Seed may be sown early in hot bed and plants transplanted in May after all danger of frost is over. By sowing the seed early the plants may be made to bloom the first year.

Double (Large Flowering, Finest Mixed) . . . 15

# DIANTHUS (Pinks)

Hardy annual, about one foot high and bearing beautifully colored single and double blossoms in profusion all summer. Sow seed early in boxes and transplant, or sow in rows where the plants are to remain and thin.

SCABIOSA

SWEET PEAS

Pkt.

# **DIGITALIS** (Fox Glove)

A hardy perennial, blooming the second year from seed. Grows usually about  $3\frac{1}{2}$  feet high. The bell-shaped flowers are borne on long spikes and in shades of purple, lavender, rose and white. All spotted lightly inside the blossom. Thrives best in cool, shady locations.

GODETIA	. Pkt
Hardy annual of compact growth, 6 to 10 inches high, bearing a profusion of satin cup-shaped flowers, valuable for bedding or massing. Sow seed early.	
Duchess of Albany	<b>\$0</b> 10
HOLLYHOCK	
A hardy perennial of upright, stately growth, 5 to 8 feet high. They make a fine row in the garden, or a fine background next to a building or high wall or fence.	
Finest Double Mixed	10
MARIGOLD	
A hander annual about along in derent and	
A hardy annual shrub plant in dwarf and tall varieties, growing from 6 inches to 3	
feet high. Foliage, bright green, deeply	•
cut, and graceful. The flowers are various shades of yellow and brown. Tall varieties	
are valuable for large bedding or back-	
ground work and the dwarf varieties for border.	
Eldorado, Mixed Colors (Tall)	05
Dwarf, Gold Striped	05
Dwarf, Gold Striped	03
MIGNONETTE	
A hardy annual, growing 6 to 12 inches high and bearing pyramidal-shaped flower spikes, which are made up of thickly set flowerets; exceedingly fragrant. Grows easily from seed and can either be transplanted from boxes or sown in garden and thinned to 4 to 6 inches. Valuable for potting, bedding or bordering.	
Large Flowering	05
Machet (Fine Selected Stock)	05
NASTURTIUM	
Tender annual in two distinct classes, Dwarf and Tall or Climbing.	
Dwarf (Finest Mixed Colors) \$0 10	¼ lb. \$0 15
Tall (Finest Mixed Colors) 10	15
NICOTIANA	Pkt
A half-hardy annual, growing about 3 feet high. Belongs to the tobacco family, has white blossoms, needs plenty of room.  Affinis	

ZINNIA	
PANSY	Pkt
A half-hardy perennial, growing 4 to 6 inches high. It thrives best in a moist, shady location and in rich, loamy soil. Seed should be sown in autumn for early spring blossoms. While the plants carry over well with a little covering during the winter, it is best to plant the seed anew each year.	
Large French Strain, Choice Mixture	\$0 10
Trimardeau	
A magnificent strain, very showy. The petals are of great size, mostly marked with three large dark spots. Vigorous and compact growth, with the flowers well thrown	15
up	10
Large French Strain, Choice Mixed	
A splendid strain, having large, handsome, well marked flowers, many of them beautifully marbled and striped	10
Superb Mixed	
A first-class large-flowered mixture, made up from the best varieties, grown separately and carefully blended	15
PETUNIA	
A tender perennial. Adapted for green- house and pot culture and for open air, succeeding well in most any rich soil. Abundance of brilliant flowers during the season.	,
Extra Choice Mixed	15

DIII OX	
PHLOX	
PHLOX DRUMMONDII	Pkt
A hardy annual, growing from 6 to 10 inches high and bearing beautiful soft petaled and brilliantly colored flowers all spring and summer. Fine for bedding. Sow seed about May 1st.	
Choice Mixed	\$0 10
POPPY	
A hardy annual, 3 to 5 feet high and bearing single and large double blossoms in bright colors. Sow seed in open ground where plants are to remain and thin to 6 or 12 inches.	
White Swan (A Large Double White Flower) .	05
The Shirley Mixed (Large Single Flower)	05
PORTULACA	
Low growing or creeping annual, 6 to 8 inches high and bearing glossy cup-shaped blossoms in brilliant and gorgeous colors. The seed germinates slowly and should be started under glass.	
Double Mixed	10
COLDINAL OF MODULING PRINT	
SCABIOSA OR MORNING BRIDE	
Also called Sweet Scabious, Old Maid's Pincushion, etc. A hardy annual, growing 8 inches to 2 feet high, and bearing heads of bright flowers on long slender stems.  Very effective as a bedding plant, or for	

cut flowers.

**Tall Mixed German Double** 

SALPIGLOSSIS	Pkt.
A half-hardy annual, about 3 feet high, bearing trumpet shaped blossoms of rich shades and colors, valuable for bedding or massing, also for cut flowers. Sow seed early and transplant or thin to 6 or 8 inches	
Choice Mixed	\$0 15
SALVIA (Scarlet Sage)	
A tender perennial, blooming the first season from seed and growing 2 to 3 feet high. The blossoms are borne on long stems or spikes and are fragrant. The plant forms a bunch filled with bright scarlet blossoms.	
Splendens	15
STOCKS OR GILLIFLOWER	
Hardy annual, 2 feet high. The flowers are of many colors and very valuable for bedding and cut flowers. Sow seed in hotbed or box and transplant.	
Dwarf German Mixed	15
Large Flowering Mixed	15

The Sweet Pea is a climbing annual and hardy. This popular flower is of the easiest culture and well adapted to most any climate. The seed should be sown early in the spring in a drill 4 to 6 inches deep. dropping three or four seeds every four inches and covering about one inch, working the soil around the plant as it comes up

**SWEET PEAS**
